

## **Report on Online Orientation for parents**

The prevailing lockdown and the pandemic conditions drove Delhi Public School Maruti Kunj to conduct an online orientation session for the parents of the Infant Wing (Nursery - I). The session commenced with a soulful rendition of a Welcome Song. The school Principal Mr. Akhilesh Chaturvedi welcomed the parents and students to the Delhi Public School fraternity. Through a Power Point Presentation, he introduced all the heads and faculty members. To help parents understand the functioning of the school he shared the school vision, the curriculum, school systems including safety measures and transport facilities, teaching methodologies and the co-scholastic activities. He laid stress on effective communication between the teachers and parents for the overall developments of students. He also gave his vision on how to nurture a child with love and care to build a strong foundation to be a patriot, an achiever and above all a good human being. This was followed by an interactive session of parents and Principal. The Principal ended by saying "We are looking forward to the day when children brighten up the school with their presence, decorate the classrooms with colour and set-off on one of the life's greatest adventures"
